

NORTHERN CALIFORNIA FRENCH BULLDOG CLUB

Breeder Referral Program

Dear NCFBC Member,

Thank you for your interest in the NCFBC Breeder Referral Program. Enclosed you will find the paperwork needed to apply for participation in the program. Please complete the forms and return them to the club secretary. Upon completion, your application will be presented to the NCFBC Board for approval. Once approved, your name will be placed on the club website in the Breeder Referral section and you will be allowed to use the club name and logo on your own website if you have one. Members of the NCFBC Breeder Referral program are the first to be mentioned any time someone contacts the club regarding a breeder.

Membership in the program requires that you read, understand and follow the FBDCA and NCFBC code of ethics and it is assumed that as a breeder, you will make yourself available to mentor anyone who purchases a dog from you. The NCFBC club does not accept responsibility for any agreements you make, nor will we agree to arbitrate any disagreements between you and a client regarding a sales or breeding contract. However, we will agree to hear any complaints that involve the welfare of a dog or the breed.

By applying for membership in the NCFBC Breeder Referral Program it is assumed that you will always represent yourself and the breed in a responsible and ethical manner. To do otherwise could result in your being removed from the program.

Please complete and return the forms.

**Your application will be reviewed at the next board meeting and
you will be notified once a decision is reached.**

If more information is required, you may also be asked to provide the board with the names of clients.

Membership in the program requires a \$50.00 membership fee.
